

Why Extensis?

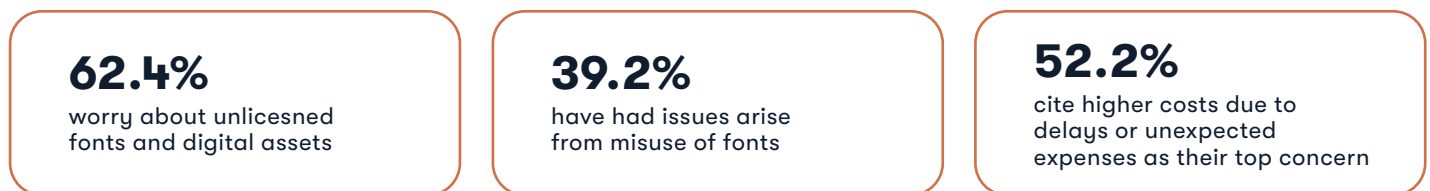

Extensis manages millions of fonts and creative assets for over 5,000 global agencies, brands, and marketing teams of all sizes.

And we've been removing the barriers that impact creative projects for over 30 years.

The Creative Risk Management Revolution

Today we're offering the first Creative Intelligence Suite designed for creative risk management. Why? **Creative professionals tell us font usage risk is real.**

"The platform has significantly improved our workflow, streamlined collaboration, and we haven't even used all its capabilities yet."

**Ofer Holzman, IT Director,
Publicis Groupe Israel**
