# Giving Agencies The Tools They Need To Streamline Their Creative Production Process
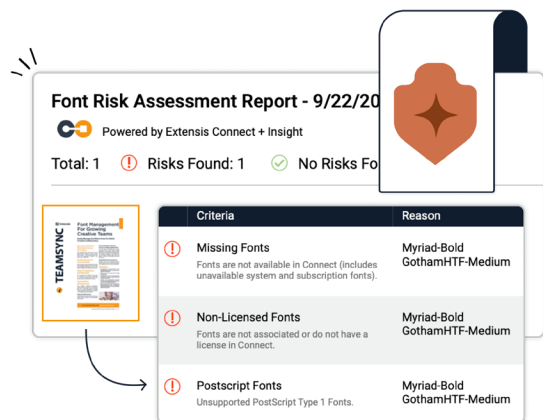

Helping Agencies Be More Productive

+ **Simple Team Management** for fonts and assets in client projects.

+ **Compliance reporting** enables tracking of font uses so you'll know you're meeting license terms.

+ **Licensing Status Dashboard** to alert teams to licenses that are expired or expiring soon.

Helping With Font Over-Purchasing

+ Analytics reporting on **font and designer usage** to make procurement decisions.

+ Simple **License Management Dashboard** and reporting to compare usage with licenses.

Point → Scan → File Audit Done 🙌

Audit an Adobe file in seconds to save hours otherwise spent reviewing a file checklist.

+ Insight into how your **fonts and documents are connected**.

+ **Identify font licensing risks** in Adobe files at any point during the creative process.

+ PDF **summaries of font issues** with quick **steps to correct** identified problems.

Take a tour to learn how Connect + Insight improves creative operations from start to finish.
